

## NEW PRODUCT RELEASE

Flowtech Exhaust Announces  
Shorty Headers for  
05-11 Toyota Tacoma/07-09 FJ Cruiser  
V6-4.0L 2WD/4WD

AVAILABLE 7/11/14

### PRODUCT DESCRIPTION

Flowtech Headers are the perfect combination of quality and value. This shorty header fits the popular 2005-2011 Toyota Tacoma and 07-09 Toyota FJ Cruiser V6-4.0L 2WD/4WD.

- Mandrel-bent tubes provide consistent tubing diameters for smooth flow and increased exhaust velocity
- Heavy duty 16-gauge tubing for increased strength and durability
- 1-1/2" primary tube diameter for increased exhaust flow increasing performance and improving throttle response
- OE style 2-1/4" slip-fit collector connects to factory exhaust head pipe
- TIG-welded, machined 3/8" header flange for a leak-free seal and maximum strength
- Premium aluminum header gaskets included
- Available in a high heat resistant black paint or a satin silver metallic ceramic thermal barrier coating
- Headers are a must if you are using a cold air intake, cat-back exhaust system or tuner
- Requires cutting the factory catalytic converters off factory manifold. Welding is required to attach catalytic converters to Flowtech header.

If you have any questions about this or any Flowtech exhaust application, please contact our tech service department at 270-781-9741.
