

## AS 300 Work Lamp

New design and 4th generation ballast unit are the additional advantages of this work lamp. The new mounting offers additional heavy-duty resistance. housing is made of flame retardant UV resistant polymers that offer very high resistance to corrosion and attack from a wide spectrum of aggressive elements and offer high levels of protection against impact damage whilst exhibiting a large degree of self-damping vibration protection.

Plastic Housing  
Short Range, 12V  
Plastic Housing  
Short Range, 24V
