

FORD F250-F450 - PART NO. 09231 SUPER DUTY CREW CAB WITH 60/40 REAR SPLIT BENCH SEAT INSTALLATION INSTRUCTIONS

Congratulations on your purchase of the Husky Gear Box. The Gear Box was designed to fit under or behind the rear seat of your truck or SUV. The Gear Box gives you a place to store loose items and clutter and ultimately help keep your vehicle organized. It's designed to fit your vehicle with or without your Husky Liners in place and only takes a few minutes to install. NOTE: The Gear Box will not work in vehicles with the rear under-seat subwoofer.

PACKAGE CONTENTS

Gear Box – Part No: 09231 (1)
Attachment Fastener and Washer (1)
Dividers (2)
Installation Instructions (1)

INSTRUCTIONS

- 1) Open and remove the Gear Box from the shipping box and protective plastic bag.
- 2) Flip forward the second row seats of your Super Duty Crew Cab truck and remove the jack tools (Figures 1 and 2).
- 3) If your truck is equipped with a factory storage tray, take it out at this time. To do so, simply remove the 3 retaining screws securing the tray.

- 4) Remove the jack and jack mounting bracket, then, reinstall the factory jack bracket fasteners. (Figures 3 and 4).

Figure 3

Figure 4

- 5) Look closely at your Gear Box, you will notice that there are 4 small indentions in the floor of it (Figure 5). These are attachment points. Determine which attachment method you are going to use. If you do not have a factory storage tray, drill a 3/8" hole at indention 3 (Figure 6) and install the Gear Box with the supplied bolt and washer (Figure 8). If you have a storage tray you can drill holes at indentions 1, 2, and 4 and attach the Gear Box with the existing fasteners. **NOTE: When positioning the Gear Box for installation, tip the box on edge and lower it until it is below the level of the seat bottom, then rotate it so that the bottom rests on the cab floor (Figure 7).**

6) Once the Gear Box is secure, install the 2 dividers and you are ready to organize (Figure 9 above).

If you are storing long items it may be necessary to remove the dividers. Also, small loose items can potentially roll around and become somewhat annoying. Simply place these items in a rag, towel, etc... roll them up and place in the Gear Box.

If you have questions about your installation or any other Husky product, please call us at: 1-800-344-8759 M-F 8:00 am to 5:00 pm Central Time.
