- Make sure that the billet inserts are secured in place and clears all moving parts of the vehicle.
- Routinely check security of hardware.
- Do not use automatic “brush-style” car washes.

Contents

Illustrations may vary upon application

Tools Required

Safety Glasses
and Gloves

Drill with
1/8" Drill Bit

Rivet Gun

Die Grinder
or Hacksaw

Shipping Note

Sometimes the billet products get bent in the shipping process. You may need to hand bend them to attain the desired shape.

Installation Steps

Illustrations may vary upon application

Remove the stock grille shell from the vehicle.

Using a die-grinder or razorblade, cut away the inner plastic mesh below the chrome ring as indicated by dashed line as illustrated in diagram 1.

Sand down edge you have just cut and insert the billet grille from back.

Drill and rivet the billet grille into place through the tabs on the billet grille.

The grille should look like diagram 2. Once finish, re-install stock shell back to the vehicle.

Care and Cleaning

To keep your billet inserts looking their best, we recommend using only mild soap and water and a soft cotton cloth to wash and dry it. Use of rough cleaning agents or cloths may scratch or dull your billet inserts.

Should your billet inserts become scratched or dull, we recommend TRENZ® Metal Polish to bring back the mirror finish. There are three grades of TRENZ® Metal Polish (Coarse, Medium and Fine) that will help you keep your billet inserts looking brand new. Select the TRENZ® Metal Polishes best for your needs:

1. Course (Red) Polish – For severe scratches and pitted problems.
2. Medium (Green) Polish – For light scratches and dulling problems.
3. Fine (White) Polish – To bring back the mirror finish.

TRENZ® Metal Polish can be used on all metal products, including aluminum, stainless steel, brass and copper. If you have additional questions or concerns on the maintenance of your Lund® billet inserts, please call us at 800-328-5863. You may also use high quality commercially available polish recommended for aluminum accessories.

Congratulations!

You have purchased one of many quality Lund® branded products offered by Lund International, Inc. We take the utmost pride in our products and want you to enjoy years of satisfaction from your investment. We have made every effort to ensure that your product is top quality in terms of fit, durability, finish and ease of installation.
