#### Billet Grille

### Tools Required

Safety Glasses  
and Gloves

Flat Head  
Screwdriver

Drill with  
1/8" Drill Bit

Rivet Gun

Die Grinder  
or Hacksaw

Ratchet with  
3/8" Deep Socket

### Shipping Note

Sometimes the billet products get bent in the shipping process. You may need to hand bend them to attain the desired shape.

## Installation Steps

Illustrations may vary upon application

Remove the stock grille shell from the vehicle. Remove the plastic grille inserts. To remove them, push the center pin through each of the stock plastic rivets using a 1/16" Allen wrench.

1

Once the stock plastic inserts have been removed, mount the billet grille in place of the stock grille. Attach the billet grille to the grille shell using the stock plastic rivets. Reattach the grille shell to the truck.

2

## Care and Cleaning

To keep your billet inserts looking their best, we recommend using only mild soap and water and a soft cotton cloth to wash and dry it. Use of rough cleaning agents or cloths may scratch or dull your billet inserts.

Should your billet inserts become scratched or dull, we recommend TRENZ® Metal Polish to bring back the mirror finish. There are three grades of TRENZ® Metal Polish (Coarse, Medium and Fine) that will help you keep your billet inserts looking brand new. Select the TRENZ® Metal Polishes best for your needs:

1. Course (Red) Polish – For severe scratches and pitted problems.
2. Medium (Green) Polish – For light scratches and dulling problems.
3. Fine (White) Polish – To bring back the mirror finish.

TRENZ® Metal Polish can be used on all metal products, including aluminum, stainless steel, brass and copper. If you have additional questions or concerns on the maintenance of your Lund® billet inserts, please call us at 800-328-5863. You may also use high quality commercially available polish recommended for aluminum accessories.

## Congratulations!

You have purchased one of many quality Lund® branded products offered by Lund International, Inc. We take the utmost pride in our products and want you to enjoy years of satisfaction from your investment. We have made every effort to ensure that your product is top quality in terms of fit, durability, finish and ease of installation.
