Shipping Note

Sometimes the billet products get bent in the shipping process. You may need to hand bend them to attain the desired shape.

Installation Steps

Illustrations may vary upon application

Use a flat head screwdriver to remove the stock grille shell. From the front, insert the billet grilles into the stock grille shell so the mounting studs extend past the grille shell mesh.

Side View

1

Slide the mounting brackets over the billet grille mounting studs.

2

Secure the billet grill using the provided hardware as shown below. **Caution: Do not over-tighten the *kep nuts!*** Reinstall the grille shell on the vehicle.

3

Care and Cleaning

To keep your billet inserts looking their best, we recommend using only mild soap and water and a soft cotton cloth to wash and dry it. Use of rough cleaning agents or cloths may scratch or dull your billet inserts.

Should your billet inserts become scratched or dull, we recommend TRENZ® Metal Polish to bring back the mirror finish. There are three grades of TRENZ® Metal Polish (Coarse, Medium and Fine) that will help you keep your billet inserts looking brand new. Select the TRENZ® Metal Polishes best for your needs:

1. Course (Red) Polish – For severe scratches and pitted problems.
2. Medium (Green) Polish – For light scratches and dulling problems.
3. Fine (White) Polish – To bring back the mirror finish.

TRENZ® Metal Polish can be used on all metal products, including aluminum, stainless steel, brass and copper. If you have additional questions or concerns on the maintenance of your Lund® billet inserts, please call us at 800-328-5863. You may also use high quality commercially available polish recommended for aluminum accessories.

Congratulations!

You have purchased one of many quality Lund® branded products offered by Lund International, Inc. We take the utmost pride in our products and want you to enjoy years of satisfaction from your investment. We have made every effort to ensure that your product is top quality in terms of fit, durability, finish and ease of installation.
