KNOWLEDGE IS POWER

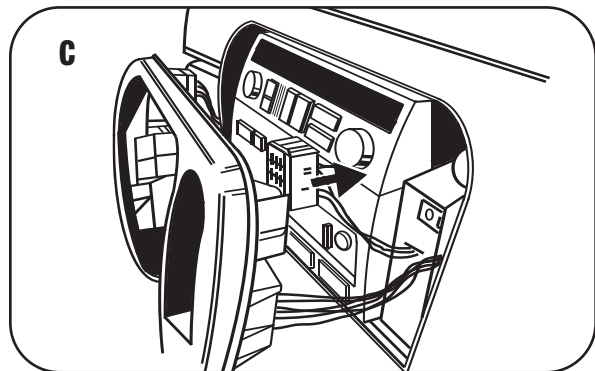

Enhance your installation and fabrication skills by enrolling in the most recognized and respected mobile electronics school in our industry. Log onto www.installerinstitute.com or call 800-354-6782 for more information and take steps toward a better tomorrow.

Metra recommends using MECP certified technicians.

1997-2001 CADILLAC CATERA

- 1 Disconnect the negative battery terminal to prevent an accidental short circuit.
- 2 Remove (1) Phillips head screw from inside the ashtray and remove ashtray. (Figure A)
- 3 Remove screw covers from the radio trim panel. Remove traction control and hazard switch covers. Then remove switches by depressing tabs and pulling outward. (Figure B)
- 4 Remove (4) Phillips head screws from behind covers and ashtray.
- 5 Remove radio trim panel and unplug any remaining harnesses from the panel. (Figure C)
- 6 Remove (2) Phillips head screws securing the radio. Unplug and remove the radio.

1996-1999 CADILLAC DEVILLE

- 1 Disconnect the negative battery terminal to prevent an accidental short circuit.
- 2 Unsnap and remove radio trim panel. (Open glove box to access.) (Figure A)
- 3 Pinch the side clips to disengage radio. Unplug and remove radio.

1997-2001 CADILLAC CATERA

- 1 Cut and remove the three shaded tabs on both brackets. (Figure A)

1996-1999 CADILLAC DEVILLE

- 1 Cut and remove the shaded tab from both brackets, and both of the tabs on the trim plate. (Figure B)
- 2 Install (4) speed clips into the sub-dash mounting positions. (Figure C)

DOUBLE DIN / STACKED ISO DIN **HEAD UNIT PROVISIONS**

- 1** Locate the factory wiring harness in the dash. Metra recommends using the proper mating adapter from Metra or AXCESS. Re-connect the negative battery terminal and test the unit for proper operation.
- 2** Attach the Double DIN brackets to the inside edge of the Double DIN trim plate. (Figure A)
- 3** Slide the bracket/radio housing assembly over the Double DIN head unit and secure using the screws supplied with the radio. (Figure B)
- 4** Reassemble dash in reverse order of disassembly.
