G.E.A.R. Seat Cover

(Universal Fit)

STEP 3: After the cover is completely on you may adjust the straps in order to get a better fit. You can adjust the cover and straps accordingly to access any special seat features like levers or knobs. You also can tuck and fold the straps behind the cover in order not to hinder Air Bag use or if your seat has a high headrest. (Fig G, H, I)

STEP 4: You may now install your pouches. What makes this cover even more versatile is that you may install the pouches wherever you like. After determining the proper place slide the pouch straps through the webbing on the seat cover (Fig J), secure the pouch by fastening the snaps together. Installation is now complete. You may now make final fitment adjustments to your cover. Make sure all straps are secured and not obstructing seat functions
