

Installation Instructions

Instrument Panel Cover - General

1. If your vehicle has tilt steering, put the steering wheel in the lowest position.
2. (EMERGENCY BRAKE MUST BE ON – AND VEHICLE PARKED ON LEVEL GROUND). If column gear shifter, it may need to be lowered.
3. Test fit the new cover to make sure you have a proper fit. If not, please contact us for assistance.
4. Using ammonia-based cleaner such as Windex®, clean the original cluster area and the underside of your new Coverlay® Instrument Panel Cover.
5. Apply a bead of silicone around the edges of the underside of your Coverlay® as shown in the picture below.

6. Install the Instrument Panel Cover on your instrument cluster bezel and press it into place.
7. Use painters' tape, tape the cover down in several places to hold your new cover in place. Let it cure for 6 to 8 hours. Remove tape and enjoy!

Our Warranty

Coverlay Manufacturing, Inc. warrants all of its products to be free of defects in workmanship and material. It further warrants that when properly installed our products will not warp or crack for the life of the vehicle. Uninstalled products reported defective after 30 days of receipt will not be covered under warranty. Color is not covered under warranty and photos may be required to determine warranty issues. If a product failure occurs, we will only replace the defective product in the original color. Cost of shipping and handling of replacement parts is not covered on warranty claims made after 30 days of receipt.

Furthermore, it is our policy that returns must be requested within 30 days of purchase. If a **Retail Purchaser** of any Coverlay® product which is purchased directly from our manufacturing site is not totally satisfied with his or her purchase they may request to return it within **30 days** of delivery date with copy of receipt for a full product refund. If purchased indirectly through a supplier of our product, the supplier must be contacted for return authorization. **Dealers and Distributors** must also request return authorization within **30 days** of delivery and upon receipt of return; credit for product will be issued less applicable restock fees. All products must not have been installed or altered and received back in "re-stock" condition or no refund will be applied. Products returned under this policy must be shipped back in original unaltered packaging with freight prepaid by purchaser.

Prior to return of any product purchased directly, you must contact us at 1-800-633-7090 for an authorization number and return instructions. Return product must be received within 30 days of return authorization. You must contact your supplier for return instructions if purchased indirectly.

COLOR MATCH IS NOT GUARANTEED OR COVERED UNDER WARRANTY

We offer 15 generic colors as a no charge convenience. These will not be a perfect match but will normally be complimentary to the vehicle interior. If an exact match is desired then you may obtain color code matched plastic dye in an aerosol can from your local automotive paint store. Repaint to your satisfaction before installing in your vehicle.
