

HUSKY **WeatherBEATER™** **Custom Vehicle Floor Protection**

CARE AND USE INSTRUCTIONS

Thank you for selecting a WeatherBeater™ Trunk Liner from Winfield Consumer Products. Your new trunk liner is custom molded to fit your Elantra GT. Upon removal from the box your liner will not completely unroll and lay flat. This is normal and only temporary. Just place the liner on the floor or in the trunk of your vehicle with a weight in each corner (a book works well). After about 15 minutes, your liner will remain flat. In colder climates this “relaxing” may take longer; moving the liner to a heated area will accelerate the process.

Your liner is manufactured using an engineering resin that is lightweight and extremely tough and durable. The easiest way to clean your liner is with a damp cloth or sponge. If using a cleaner, 409® or Glass Plus® work well. Use of Armor All®, Son-of-a-Gun® or similar items is discouraged as these products make the liner slick.

INSTALLATION INSTRUCTIONS FOR YOUR HYUNDAI ELANTRA GT TRUNK LINER

YOUR ELANTRA GT CARGO LINER CAN BE TRIMMED TO ALLOW ACCESS TO THE TWO (2) FACTORY CARGO TIE-DOWN LOCATIONS (SHOWN CIRCLED). TO ACCESS, TRIM AWAY THE MATERIAL FROM THE LOWERED AREAS IN THE LINER LOCATED ABOVE THE HOOKS. USE THE EDGE FORMED BY THE LOWERED AREA AS YOUR TRIM GUIDE. THE THREE FACTORY CHILD SAFETY SEAT LATCHING POINTS ARE ALSO ACCESSIBLE BY TRIMMING (SEE AREAS 1, 2 & 3 ABOVE). A UTILITY KNIFE OR SIMILAR WORKS WELL FOR TRIMMING.
