## ***SPORT SERIES GRILLE W/LOGO OPENING***

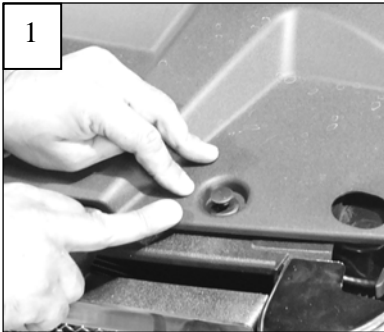

### **Recommended Tools:**

Phillips / Slotted Screwdrivers  
Pliers

### **Parts List / Hardware:**

1 Sport Series Mesh Grille  
12 Custom Snap Brackets

### **Read and understand instructions before attempting installation**

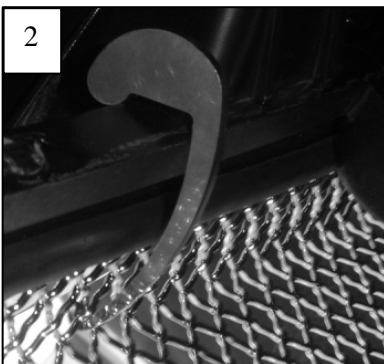

1

### **Step 1**

Test fit the grilles into the opening. Remove plastic rivets securing the radiator cover; on top of the grille (1). Now remove the four 10mm bolts along the top of the grille.

### **Step 2**

Center the mesh grille into the factory grille surround. Install the snap brackets to the mesh using the smaller ends of the brackets. The larger end will snap to the factory grille plastics (1). Make sure that the grille is not snapped in too tight as the grille will warp. Also, make sure that the clips are evenly spaced to secure the grille to the shell and not warp.

2

### **Step 3**

Re-install the grille and radiator cover onto the vehicle.

***Thank you for purchasing your T-Rex billet grille. 9/19/08***
